

Cotton Candy

The World Famous Low cost entry level floss machine. Up to four servings per minute. Uses the same floss bowl as the biggest machines. Thousands of people have discovered those sweet Cotton Candy profits with their first Econo Floss. Heavy duty in every respect! Four brushes for long slip ring life. Single Whirlwind ribbon heating element plus motor and rheostat draw about 8 amps on 120 volts. The Cotton Candy Machine works great on an electric generator for use in remote locations.

The Cotton Candy Machine works great on an electric generator. For operator and customer safety, always operate this and all other Cotton Candy machines with a floss bubble in position.

The Machine has virtually all the same specifications as the stainless steel version shown above. Additional cooling fan mounted inside the cabinet for a more dependable performance.
