Ease of use and outstanding reliability, plus the unmistakable look of Italian design. This is the Olivetti ECR 7100, the cash register with a full range of functions for small businesses and retailers: up to 14 departments, 200 PLUs, 8 clerk codes and support for 4 payment systems.

The ECR 7100 is ready to get down to business immediately, providing sales clerks with a host of intuitive features: an ergonomic function selector; color-coded keys for at-a-glance operation; a display with large characters for easy legibility. For maximum efficiency, the robust integrated cash drawer provides eight handy coin slots and three banknote slots. An impressive performer, the ECR 7100 looks good, too: its sleek lines ensure that this cash register adds style to any retail environment. Up to 200 programmable PLUs and 8 operator codes 4 VAT rates possible of working in trading mode elegant design customizable receipt with different VAT breakdown options possibility of producing a copy of the last receipt issued or of activating a non-print, paper, saving mode management report; daily and monthly financial PLU and clerk reports. Trading mode can be simulate actual sales transactions with issue of customer receipts. This operating mode, very useful for staff training, can be protected by password and monitored.
