

OCS-XZ-AAE crane scale electronic series combine reliable advanced electrical hardware with good software. Using AT series micro-processor and high speed, high precision A / D conversion technology, the OCS-XZ-AAE of scale has a specially designed jittering compensation circuitry, so they can quickly reach steady state with strong anti-interference capability. This series of scales can be used for weighing application in commercial trade, mines, storage and transportations.

## Features :-

- AAE series scales have various hardware version with stable performance to support the users all of the world.
- Super bright 5-digit LED display with 30mm letter height, suitable for using indoor with dimly light.
- Microdiecasing aluminum-magnesium alloy housing with high strength .
- Light self weight and pleasant appearance
- Multi-functions including Hold, Zero and divisions convert
- Promptly unlock the rear casing to change the battery
- 360 degree Safe rotated hook, convenient to use
- Rated Capacity (ton) 1, 2, 3, 5, 10

## Specification :-

Model	Capacity (TON)	Graduation (kg)	Division	Operation Temp.	Sensor Type
OCS-XZ-AAE series	1	0.5	2000	Safety Distance 1400° 1.8m 1600° 2.0m	STC
	2	1.0	2000		
	3	1.0	3000		
	5	2.0	2000		
	10	5.0	2000		

\* Designs and specifications are subject to change for improvement without prior notice.
