

Features :-

- 7keys embossed membrane keyboard
- Internal resolution: 1/6000,000
- Responds quickly with accurate weights
- Percentage weighing, counting, accumulation
- Selectable weighing unit
- Standard RS-232 interface
- Application programs include: Price computing, preset tare, accumulation, unit conversion. 13 unit conversion
- Attached wind shielding ($\leq 1500g$)
- Battery provide up to 40 hours of continuous use (without backlight)
- Standard stainless steel pan and dust cover

Options :-

- Remote display
- RS-232 interface
- Mini Printer TPUP, label printer and computer connectivity

Specification :-

Model	NHB-100	NHB-120	NHB-600	NHB-1000	NHB-1500	NHB-6000
Capacity	100G	120G	600G	1000G	1500G	6000G
Division	0.001G		0.01G			0.1G
Power	AC Adaptor (PV/800mA) Rechargeable Battery (6V/4Ah)					
Display	16.5mm LCD, with white color LED backlight					
Operate Temperature	0°C to 40°C					
ADC	Sigma Delta					
ADC Update	$\leq 1/10$ Second					
Housing	ABS Plastic					
Pan Size	80MM \varnothing	120MM \varnothing			140MM x 150MM	
Gross Weight	Approx.2.9KG
