

Multi-Functional Vegetable Cutter

Both body and cutter discs of the machine are made of aluminum alloy and stainless steel so that they are sturdy and durable with good corrosion resistance .

- With a unique magnetic switch, the machine can stop automatically as soon as the hopper is opened, therefore, the operator's safety is guaranteed.
- The ideal feeding and releasing structures make it easy to operate.
- Two different feeders can suit for different shapes of food cutting.
- Compact transmission mechanism has advantages of less power consumption, higher efficiency and lower noise.
- It is very simple and convenient to open the hopper & change the cutter disc.
- All the blades are made of stainless steel so as to be rust less and hygienic.
- The surface contacting with food has been tested strictly to make sure not to contain any harmful substance.

Specification:~

Model	FQCJ-220
Generator Power	250w
Rated Voltage of Power	220v 50Hz
Rotational Speed of Cutter Disc	270rpm
Cutting Capacity	50 ~ 450kg/h
Overall Dimensions of Machine	40 x 29 x 54cm
Disc Cutter	5pcs
Net weight	25kg
