

Semi-Auto Meat Slicer

Features :~

- 4CR13 stainless steel cutting blade
- Automatic grinding device
- Cut off safety features for max safety

Description :~

This professional Semi-Auto slicer features a rugged, die-cast metal construction and a professional tilted design. A commercial quality machine that brings the speed and precision of deli slicing to your kitchen counter.

The powerful, heavy duty induction motor ensures quiet operation, and the fully hardened. The stainless steel blade has an Anodized aluminum cover that reduces friction, for smooth, efficient slicing of meat and cheese. Thickness control is adjustable. Gliding on industrial ball bearings, the large-capacity food carriage retracts fully to accommodate extra-large roasts ,hams, and other oversized foods, and can be easily removed for cleaning. Includes a blade sharpener, food tray, and tool for easy blade removal.
