

## Semi Auto PP Strapping Machine

AA-707 (Low Table)

AA-707 (High Table)

Easy to use Semi-automatic Strapping machine uses standard PP strapping material. It is widely used in home appliance, food, general merchandise, medicine production, chemical industry, printing, post office and textile departments. It can work with production line and will automatically tension, cut and weld. Features: Strapping at high speed and with excellent efficiency. Only takes 15 seconds for strapping one polypropylene strap. Instant heating systems, low voltage of 1v and will be in best strapping in 5 seconds after you start the machine. Auto shut down, save electrical consumption and makes it extremely practical. The machine will automatically stop and enter standby state when you don't operate it beyond 60 seconds. Electro magnetic Dutch quick and smooth operation. Coupled-axle transmission high speed, low noise, low wear and tear, low breakdown rate.

### Specifications :-

- Power supply: 220V/ 110V/ 50HZ/ 1-phase
- Power: 0.66KW
- Maxi shrinking force: 60kg
- PP tape width: 6-15mm
- Min. strapping article: 60mm
- Max. strapping article: no fit
- Strapping speed: 15 second/ strap
- PP tape paper core: 200m/ 230mm/ 280mm
