

CONTINUOUS SEALING MACHINE

Features:

This series machines are suitable for small bags package and adopt electronic constant temperature control system and steeples speed adjusting transmission mechanism. It can seal plastic films of various materials. If necessary, pressing wheel and technique device can be fixed to it as well. DBF900 type solid ink wheel printing sealing machine can print production date as well as sealing. The printing letters are clear and have available colors. Print and dry immediately and the letters are easy to change.

DBF-900

- Power Supply: 110V /220V 50-60Hz
- Power Consumption: 0.50Kw
- Sealing Speed: 0-12m/min
- Sealing Width: 6-12mm
- Temperature Range: 0-300°C
- Printing Letters: Pressing letters
- Conveying Load: ≤3Kg
- Machine Size: 800 x 390 x 320mm
- Machine Weight: 22Kg
