

Suitable for different size of adhesive label or adhesive film on all kinds of round bottle. High accuracy and high speed, dispensing & labelling automatically.

Suitable range: Round bottle, Round tank, Round barrel to self-adhesive labelling.

It is used in PET bottle, plastic bottle, glass bottle, Metal bottle and so on round bottle etc.

Small structure takes up less space and easy to move and load.

- ❖ Good labelling precision and stability; Neat, no wrinkle, no bubble.
- ❖ It has powerful function. It can achieve circumferential position labelling and non-position labelling easily.
- ❖ It satisfy the circumferential position labelling and non-position labelling on diameter between 12-120mm bottles.
- ❖ It is easy to use and adjust. The new workers can use or adjust it easily after simple training.
- ❖ Conveyer parts are completely covered to avoid the abnormal conditions which make the use safer.
- ❖ The clever design which allow user to mechanically adjust some structure combination and label winding, makes it easy to adjust the labelling position freely. All these make it easy to change products and wind labels.
- ❖ Has 2 control methods: automatic and semi-automatic. Workers can choose either sensor control or feet step control for labelling according to reality.
- ❖ Whole equipment is mainly made of stainless steel and high level aluminium alloy. The whole structure is strong and harmonious.
- ❖ Has fault stop function, production counting function.

MT-50P

Specification :~

	Without Date Printer	With Date Printer
Model	MT-50	MT-50P
Power Supply	220V 50Hz 120W	
Air Supply	0.4-0.6MPa	
Efficiency	≤50 pcs/min	
Applicable bottles of diameter	Φ 10-150 mm	
Precision	±1mm	
Label roll	External Diameter ≤Φ 300mm Inner Diameter Φ 75mm	
Label Size	Width 8-150mm length 15-210mm	
Weight	25kg	40kg
Dimension (L x W x H)	650 x 450 x 450 mm	750 x 400 x 580 mm

*Designs and specifications are subject to change for improvement without prior notice.
