

- ✓ Function used for roasting the peanut sunflower almonds pistachio nuts, pine nuts...peanut roasting machine /sunflower roasting machine

Features :~

- ❖ Elegant structure, delicate technique : made of stainless steel, horizontal Roller structure, easy to operate and cover small place.
- ❖ Energy-saving ,low cost: roast in totally closed environment, even heating, adopts preserving heat material layer which increase the efficiency of heat energy.
- ❖ Scientific roasting: the roasting is in the totally closed roller which can decrease the water evaporation greatly.
- ❖ It is applying to Pumpkin seeds, almonds ,sunflower seeds ,pistachio nuts, pine nuts ,walnuts and coffee beans

Specification :~

Model	HX-25A
Voltage	220V
Heating Power	5kw
Rotate power	1.1kw
Output	20-25kg/h
Overall dimension(mm)	900 x 470 x 1000
