

RICE WASHING & WATER PRESSURE MACHINE

Features :~

- Rice washing machine be used for washing rice many other grain .
- High efficiency.
- All stainless steel body, washing by water-pressure
- Durable, easy-cleaning and operated.

Specification :~

WATER PRESSURE & RICE WASHING MACHINE

Model	Material	Product Size	Capacity
X-10	Stainless Steel	350 x 250 x 600mm	10kg / times
X-15		400 x 300 x 700mm	15kg/times
X-25		450 x 350 x 750mm	25kg/times
X-35		500 x 400 x 800mm	35kg/times
X-50		550 x 450 x 850mm	50kg/times
X-75		600 x 500 x 900mm	75kg/times
X-100		650 x 550 x 950mm	100kg/times

TM-600 Rice Washing Machine has a precise structure, with high efficiency and low energy. And has a wide range usage in food washing, such as bean, vegetable seed, gingili, ect. While operation, it separates the sand, mud, bran, worm, ect. Besides, It' s so easily operated that it saves time and labor. Thus, the washing machine is quite suitable for those food processing manufacturers like canteens, restaurants and hotels.

Specification :~

RICE WASHING MACHINE

Model	TM-600
Power	2.2kw
Voltage	380V
Capacity	400-600kg/hr
Row of stone rate	≥95%
Trash rate	≥97%
Dimension	1300 x 890 x 1100mm
