

FLAKE ICE MAKER MACHINE

Features:

Crafted for performance and durability, the XBJ Series Flake Ice Makers are designed with premium components and thoughtful features to meet the demands of commercial and professional environments:

- Stainless Steel Housing – Sleek, rust-resistant, and easy to clean
- Built-In Ice Storage Bin – Ensures steady supply and convenience
- Automatic Water Refill System – Worry-free operation with continuous ice production

Whether you're running a seafood counter, smoothie shop, medical lab, or hotel minibar, the XBJ Series delivers the flake ice you need—reliably and efficiently.

XBJ-30

- Power Supply: 110 ~ 240V / 50HZ
- Ice Production/ 24 Hours: 30 KG
- Ice Storage Capacity: 10 KG
- Total Input Power: 180 W
- Rated Frequency: 50 HZ
- Rated Voltage: 220 V
- Refrigerant: R134a/100g
- Net Weight: 32 KG

XBJ-40

- Power Supply: 110 ~ 240V / 50HZ
- Ice Production/ 24 Hours: 40 KG
- Ice Storage Capacity: 15 KG
- Total Input Power: 280 W
- Rated Frequency: 50 HZ
- Rated Voltage: 220 V
- Refrigerant: R134a/130g
- Net Weight: 40 KG

XBJ-50

- Power Supply: 110 ~ 240V / 50HZ
- Ice Production/ 24 Hours: 50 KG
- Ice Storage Capacity: 15 KG
- Total Input Power: 280 W
- Rated Frequency: 50 HZ
- Rated Voltage: 220 V
- Refrigerant: R134a/130g
- Net Weight: 40 KG
