

The [BBA211](#) is a scale for your simple weighing and over/under check weighing tasks. The rugged and reliable design is suitable for many applications, such as parcel weighing, shipping/receiving and manufacturing. The energy efficient design provides a long operation time when powered using normal alkaline batteries (over 450 hours). This allows for flexible and self-contained operation anywhere in the facility. The [BBA211](#) provides accurate weighing at the best possible price/performance ratio.

Simple and easy operation

The IP65 protected terminal of the [BBA211](#) is easy to operate using it's 4 keys (Zero, Tare, Functions, On/Off). A logically structured and simple to use software leads you through the different possible settings.

Good readability

The [BBA211](#) features a large, high contrast 6 digit 25mm backlight LCD display providing clear readability.

Energy efficient

Due to the use of highly efficient electronic components, more than 450 hours of continuous battery operation can be obtained.

Robust and reliable design

Highly durable platform due to it's painted tubular steel frame. Easy leveling and high reliability thanks to adjustable feet's and optimal placed overload stops.

Specification:~

Model	MBBA211-60	MBBA211-150	MBBA211-300	MBBA211-500	MBBA211-600	MBBA211-1000
Capacity	60kg	150kg	300kg	500kg	600kg	1ton
Division	10g	20g	50g	100g	100g	200g
Platform size(mm)	300 x 400	400 x 500	450 x 600	500 x 600	600 x 800	700 x 800
