

Digital Trolley Platform Scale

EWA series of high-precision analog-digital conversion technology and special software anti-vibration technology, AC and DC, suitable for electronic scales, electronic platform scales such as the use of 1 to 4 sensors static weighing system

Product Description:-

- Aluminum die-casting series weighing platform scale body as a molding die for farmers markets, logistics, small-scale factories weighing structure of high strength, durable;
- scale body appearance

Power Source:-

Input: AC 120 ~ 240V

Output: DC 10V/600mA

Power Consumption:-

1. Main System: Approx. 18mA
2. Main System with Backlight: Approx. 32mA
3. Main System with Backlight and RS232: Approx. 48mA
4. Battery Duration: No back light last about 160 hrs. and with backlight last about 120 hrs.

Specification :-

Model	EWA-Series	
Capacity	150kg	300kg
Division	20g	50g
Platform Size(mm)	630 x 430 x 175
